

# *2019 Hoffman Garden Party Review*

## *Thank You Everybody!*

The Hoffman Center is very pleased to announce that our annual Garden Party fundraiser, held August 17, was a tremendous success and a great way to celebrate our 15th year.

The Party raised about \$46,000, which means so much to the Center. These monies will be used to support our existing programs and try new ones while keeping rates affordable. We'll use some of the funds to install the long-awaited second restroom (Project "Loo Two") in December. And down the road, there will be a new roof, insulation, and improved ventilation.

This Party, along with earned income and other donations received throughout the past year and the hard work of 120 Hoffman volunteers, makes it possible for over 850 different people to experience and participate in art and creativity through Hoffman Center programs.
