

POTTERS' NOOK -- AUGUST SHOW

The Hoffman Center for the Arts is pleased to announce an addition to its art offerings. Along with monthly artist showings in the gallery, the Center has created a "Potters' Nook" in which ceramic artists associated with the Hoffman Clay Studio offer their works for sale. The works in the nook are carefully selected by a team of Clay Studio artists. Featured artist collections will change regularly, and the works may be taken the same day as purchased.

The August show features the work of six ceramicists. Individual artist statements are held at the gallery desk.
