We hope everyone is well and enjoying our summer safely. The Hoffman Center Art Gallery is happy to announce a monthly series of “Hoffman Happy Hour with Artists” beginning this month, August. Prior to the “new normal,” the gallery had been able to host an Opening Reception which included a presentation by each artist along with a question and answer period with our gallery guests.

With our new program, we look forward to providing you with a webinar format where we will expand on this concept. Each artist (usually 3 per month) will present their creative practice along with a series of images of their work. The artists will talk about the work in the current show and how it relates to their career.

We will endeavor to not make this “another boring webinar” and do our best to make it fun and thought provoking.

These events will be scheduled on the third Wednesday of the month and will last approximately 45 minutes. We hope you will visit the gallery in the meantime to see the art in person. Our gallery is now open Thursday – Sunday from 1PM to 5PM.
