BEST OF CONTEMPORARY MOSAIC ART

Slide Show & Artist Talk

Join us and learn about unique creations completed by contemporary mosaic artists worldwide.

If you are curious about pebble mosaic, the use of gold in mosaic, want an idea for your new backsplash or next project, or want to learn about the new “American Caudi,” then this is the lecture for you!

In addition, Aja will be discussing proper body mechanics when creating mosaic art and tips on setting up your workstation and studio.
