

Visual Arts Workshop

Procreate Workshop, Parts 1 & 2
with Jen Hoff

April 12 & 19 | 1-4pm

For more info and to Register: hoffmanarts.org

This beginning Procreate workshop is focused on exploring the tools available to you within the iPad software Procreate.

Participants will learn about digital canvas creation, using layers, painting with existing brushes or creating your own, and how to create and use palettes.

Come prepared to play, create, and ask plenty of questions as you navigate this powerful and fun tool!

Note: Participants will need to bring an iPad with the Procreate app, which is available for \$12.99. Although you can sketch, paint, and edit images using your finger, we do recommend that you bring an Apple Pencil or compatible stylus.

594 Laneda Avenue, Manzanita | hoffmanarts.org
